

European Board for Accreditation in Cardiology

EBAC Disclosure Form

It is the policy of EBAC to ensure objectivity, balance, independence and a high scientific standard of educational events that receive accreditation.

All speakers/chairpersons participating in these events are expected to disclose to EBAC all potential conflicts of interest that might introduce a bias in the presentation.

The existence of potential conflicts of interest does not necessarily indicate a bias. However it is our ethical obligation to inform organizers and participants so that they are made aware of any relationship that might cause unintentional bias.

A potential conflict of interest may arise from various relationships, past or present, such as employment, consultancy, investments and stock ownership, funding for research, family relationship etc.

A potential bias relevant to the topic of the presentation should be disclosed at the start of the presentation.
